DAILY NEWS. SATURDAY MORNING, OCTOBER 21, 1865.

Still in the Bonds. A correspondent of the Rochester Union and Advertiser give the following account of the experience of a gang of negroes who were employed by a "certain abolition ex-Colonel" to go North and work for him:

This loyal hero of abolitionism, of which the Republican party is well replenished, prior to his returning home, goes to Richmond, and, with flattering tongue, persuades one hundred and seven colored men to return home, and, after saying to them, "I will furnish transportation, and after my arrival will furnish you work, with plenty to eat and good pay, with the understanding that each was to pay his fare in work to the said Colonel. He arrived with them a week or two ago, and immediately commenced operations by taking them up above Montross, short distance to cut cord wood. The Colonel was to give each man one dollar per day and board. They began to chop, and the Colonel to furnish rations, consisting of unbolled corn meal and mackerel, dividing one mackerel between six and sometimes eight men, which was hardly enough to sustain life—making a rule, also, that those who found fault or complained of the rations should have their thumbs tied together behind them, and their feet allowed or tied, and then made to lie on the ground two hours on their back, which penalty some of them had to undergo.

They were provided with the "terra firma" on which to repose their weary limbs after a hard day's labor, and stakes driven into the ground and boughs thrown over for covering, and many were compelled to lie in the corner of fences. In this way they passed two or three days, and finally they determined to kill the Colonel for the ill treatment they had received at his hands, for they were starving to death; but they were told the consequences by some one in the vicinity, should they kill the Colonel, and finally gave it up. At last eight or ten have left him, and are now roaming through the country, depending upon the charity of the people for their sustenance. The foregoing facts I received yesterday from one whom the Colonel brought from Richmond. He also told me that he was forced to lay on his back for two hours by the said Colonel, merely for asking for more food. These facts are also corroborated by individuals who have been there themselves. He stated that he feared far better when he was a slave, for then he had plenty to eat and a comfortable place to sleep. He further states that as soon as he could collect enough money he should return again to his master.

VALUABLE TESTIMONY.—Procure at any druggist's one of Mrs. S. A. Allen's circulars of her World's Hair Restorer and Hair Dressing, and you will find in it much valuable information concerning the human hair; also testimony from well known and reliable parties that all the many preparations have no equals for restoring, invigorating and beautifying the hair. If your hair is grey, if you have a bald spot, if you wish to retain your hair through life, use these preparations.

Swicide is fearfully on the increase in Paris, as a natural result of increasing recklessness and dissipation in social life. That of a whole family has recently produced not a little sensation. The son of a man who was killed by throwing himself from the tower of Saint Jacques blew his brains out, and his three sisters committed suicide by charcoal and were found dead in their ball costumes.

WE SEE it stated that T. B. PETERSON & BROTHERS, Philadelphia, will publish from advance sheets on November 15th, "Our Mutual Friend," Charles Dickens' new novel, complete and unabridged, with all the illustrations to match their previous editions of this popular author's writings. We predict for "Our Mutual Friend" a very generous reception, as it is one of his best books.

The United States Consul at Genoa, dated September 13th, informs the State Department that, owing to the rigorous sanitary measures of the Government, or the want of atmospheric conditions favorable to its development, the disease was soon checked and has now disappeared. Muehrooms have been excluded from the city.

WILMINGTON, October 18.—CRUDE TURPENTINE.—We had the sales to-day of 164 bbls. Crude Turpentine at \$3.65. Market firm. ROBIN is not quite so high. 50 bbls. common sold at \$6.00. It is unchanged, with sales of 125 bbls. at \$6.75. PEANUTS—1600 bushels were sold at \$3.

SPECIAL NOTICE.—"GREAT OAKS FROM little acorns grow." The worst diseases known to the human race spring from causes so small as to almost defy detection. The volumes of scientific lore that fill the tables and shelves of the medical fraternity only go to prove and elaborate these facts. Then guard yourselves while you may. The smallest pimple on the skin is a tell-tale and indicator of disease. It may fade and die away from the surface of the body, but it will reach the vitals, perhaps, at last, and death be the result and final close. MAGGIE'S BILIOUS, DYSPEPTIC, and DIARRHEA PILLS cure where all others fail. While for Burns, Scalds, Chilblains, Cuts, and all abrasions of the skin, MAGGIE'S Salve is infallible. Sold by J. MAGGIE, No. 43 Fulton-street, New York, and all Druggists, at 25 cents per box. September 25

CONSTITUTION WATER.—CONSTITUTION WATER, the only known remedy for Diabetes, Stone in the Bladder, Calculus, Gravel, Brick Dust Deposit, and Mucous or Milky Discharges, Irritation of the Bladder, Inflammation of the Kidney, Catarrh of the Bladder. The astonishing success which has attended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions to the debilitated and shattered system. In fact it stands unrivaled as a remedy for the permanent cure of the maladies above-mentioned, and also DIABETES, IMPOTENCY, LOSS OF MUSCULAR ENERGY, PHYSICAL PROSTRATION, INDIGESTION, GLEET, and every disease any way connected with the disorder of decay. Persons, if conscious of any weakness, should take the CONSTITUTION WATER; whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once rebraced, reinvigorated and built up. Well may this celebrated remedy be called the MEDICAL WONDER. The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step; his mind, which was previously sunk in gloom of an almost idiotic apathy, becomes bright and active, and he goes forth regenerated, conscious of new vigor. The medicine reaches the constitution itself, and restores it to its normal condition. For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. Try it in these cases, and you will give your praise to CONSTITUTION WATER. MALES OR FEMALES, are you troubled with that distressing pain in the small of the back, and through your hips? "Constitution Water" will relieve you like magic. For sale by all Druggists. Price \$1. GRAND FREE EXHIBITION OF THE Gymnastic Miracle OF AERONAUTIC-OSCILLATION!

FLYING IN THE AIR! By the Intrepid Paracatist, SIGNOR FERDINAND, The "Wonder of the World." This extraordinary gratitious display of Sensational Gymnastic Feats will afford lovers of the marvelous a most EXTRAORDINARY SUPERB and FABULOUS SPECTACLE. The poorest Gymnast in the execution of this.

Electrifying Act. Has attained the highest attainments of his vocation, and his UNEXAMPLED DARING and SKILL form a Picturesque Spectacle—the most magnificent ever given to the human eye to contemplate.

STONE & ROSSSTON designed this remarkable Aerial Exhibition of Aerial Feats for a GRAND FEATURE of their Interior Entertainments; but the erection of the pillars and platform occupied so much valuable time, and required so great a space, that it was found very inconvenient and quite impossible to give it to their patrons without a long interruption of the brilliant Aerial Performances, and notwithstanding the enormous expense attending the production of this Gymnastic Marvel, Messrs. Stone & Rosston prefer to present it as FREE OFFERING, rather than the Public should be deprived of witnessing the most gigantic and absolutely startling demonstrations of physical vigor and agility ever displayed by man.

The excellent nature of these prodigious and novel Feats attracted the attention and amazed the inhabitants of the principal cities of Europe, and the Press of that country teemed with laudatory eulogiums of the unequalled feats accomplished by Sig. F. This splendid GRATUITOUS EXHIBITION will be given adjacent to the STONE & ROSSSTON CIRCUS PAVILION, At One o'clock, P. M.

Upon a huge Platform placed on elevated pillars, enabling every spectator to obtain a complete view of this triumph of modern gymnastics. The Public can gain only a very faint idea from the various Pictorial Scenes of this stupendous display of its immense attractiveness and hazardous nature. It is the culminating glory of Paracatist Art and the grandest success of progressive talent known in history, yielding a distinction unparalleled to no event recorded in the annals of Popular Amusements.

SPECIAL NOTICE.—Ladies and persons naturally nervous and timid, entertaining fears of accident to the fearless Paracatist, are respectfully informed, that in case SIG. FERDINAND should fall from his giddy eminence, novel arrangements are made by the use of India-rubber mattresses and springs in the platform to save him from serious injury. But his generally succeeds, with a polished grace and intricate skill that ignores all peril, in achieving results undeniably amazing, causing the fascinated populace to applaud with enthusiastic frenzy and colossal shouts of admiration, so intensely captivates are the singular and majestic performances of THE CHAMPION OF ATHLETES.

Doors open at 2 and 7 P. M. Performances commence at half-past 2 and 7 P. M. ADMISSION. First class seats \$1.00 Second class seats 0.75 October 19 6
